### Booster KiwiSaver Scheme Shielded Growth Fund

#### **Investment Objective and Strategy**

The Shielded Growth Fund is suited to investors who seek potentially relatively high returns over longer term periods (seven years plus), allowing for short to medium term ups and downs, whilst partially shielding the fund against some of the more significant short-term risks. We aim to achieve this by investing predominantly in growth assets, with little or no allocation to income assets.

#### **Key Facts**

| \$9.9 million                         |
|---------------------------------------|
| 31/05/2018                            |
| Booster Investment Management Limited |
| Public Trust                          |
| Portfolio Investment Entity (PIE)     |
| nt Timeframe 7 years +                |
| er                                    |

#### **Benchmark Asset Allocation**

Growth Assets 99% Income Assets 1%

#### **Risk Indicator**

The Risk Indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets go up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way. See the Product Disclosure Statement for more information about the risks associated with investing, and how the risk indicator is calculated.

#### Performance as at 29-Feb-2024<sup>1</sup>

All figures are after fees. Please see the Product Disclosure Statement for further details.

#### **About the Shielded Growth Fund**

By buying 'Put Options' over share markets, the fund may partly reduce the effects of any sharp fall in the value of its investments. This is because a Put Option over an investment sets a price that the owner may sell the investment at in the future. (In the example to the right, this is set at \$100).

If the value falls below this price, the Put Option reduces the losses. However, if the investment rises in value, only the cost of buying the option is lost - like an 'insurance premium' over part of the fund. Options are only bought over part of the fund's investments, to manage the cost of this 'premium'.

| The range of expected returns for the fund is shown below. This shows how returns on the fund are likely to vary more in the short term, but converge in a narrower range over the longer term. | 0%          | 10.5%       | 17.5%       | 28%         |
| Expected Long Term Return Forecast (p.a. after fees)  | 7.6%        | 7.2%        | 7.0%        | 6.7%        |
| Range of expected returns in any one year (p.a. after fees)   | -13% to 38% | -13% to 38% | -13% to 37% | -14% to 37% |
| Range of expected returns in any ten years (p.a. after fees)  | 0% to 16%   | 0% to 15%   | 0% to 15%   | -1% to 15%  |

<sup>&</sup>lt;sup>1</sup> Past performance is not an indicator of future performance.

<sup>&</sup>lt;sup>2</sup> Expected returns are calculated based on long-run expectations for investment markets and fund performance, and are not a guarantee of future results. The calculation takes information on how market returns have varied in the past and gives a range of what is assessed to be likely in the future. The ranges of expected returns have been calculated using a statistical tool of 2 ½ standard deviations of return volatility – this means that actual returns are expected to fall outside these ranges 1 year out of every 100. While these ranges may be used as a guide, due to the uncertainty inherent in financial markets they are also not guaranteed

Booster Investment Management Limited is the issuer and manager of the Booster KiwiSaver Scheme. Product Disclosure Statements are available at www.booster.co.nz This document is for informational purposes only. The information is derived from sources believed to be accurate as at the date of issue and may change. The content is of a general nature and does not take into account your financial situation or goals and is not financial advice. Booster Investment Management Limited and its related companies do not accept any liability for any loss or damage arising directly or indirectly out of the use of, or reliance on, the information provided in this document. The fund's performance, returns, or repayment of capital, are not guaranteed.

<sup>&</sup>lt;sup>3</sup> Asset class weighting is the current target, assets listed within this asset class are actual underlying holdings.

<sup>&</sup>lt;sup>4</sup> The Secured Loan to Booster KiwiSaver Scheme Geared Growth Fund (a related party), and the Aotea Asset Management Diversified Loan fund, are not independently rated, but Booster Investment Management Limited considers the credit rating of these securities to be equivalent of a Standard & Poor's (S&P) rating of "A" and "BB" respectively. Other ratings are Standard & Poor's (S&P), Fitch's, or Moody's rating where available, otherwise Booster BondWatch rating. BondWatch, Booster's credit review process, is used to review the remaining securities not independently rated. More information can be found at https://booster.co.nz/bondwatchsummary.aspx

<sup>5</sup> Bank of New Zealand (BNZ) has provided a loan facility of up to 50% of the value of the secured properties for use by the Private Land and Property Portfolio to affect its gearing strategy which results in BNZ holding a security interest over assets held by the Private Land and Property Portfolio.

## Booster Investment Scheme Booster Global Active Share Managers

As at 29 February 2024

#### **Booster Global Active Shares (with advice from Rothschild)**

This is a tailored portfolio of around 20 global businesses that has been selected by Booster in conjunction with research and advice from Rothschild Bank. Their focus is on owning businesses with a durable franchise, strong core competencies, a capable management team, a strong financial position and one that is priced at a reasonable valuation. From time-to-time additional securities may be held alongside these businesses to manage portfolio and market risks.
