

Booster KiwiSaver Scheme

Making voluntary contributions

You can choose to make regular contributions or pay in occasional or one-off payments.

You can also set up regular or one-off payments for another Booster KiwiSaver Scheme member.

The best way to make regular extra contributions is by direct debit.

Contribute directly

Use direct debit via your online Booster account

You can quickly and easily set up a direct debit from your [online Booster account](#).

Once you've logged in to your Booster account, use the direct debit tool on your KiwiSaver total balance page.

Alternatively, you can post or email a copy of a signed and completed [direct debit form](#) to: kiwisaver@booster.co.nz

Use online banking

You can use the bill payment service of your online banking as most banks have our details already set up. Follow the process of setting up a bill payment to pay a utility bill, such as a phone bill. You don't need to enter our bank account number.
