Notes

1. Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower. The fund first starting accepting contributions on 1 July 2014. Therefore the Past Period Return is for the period 1 July 2014 to 31 March 2015.
2. The fund first started accepting contributions on 1 July 2014. Therefore the Return is for the period 1 July 2014 to 31 March 2015.
3. Fund fees are fees charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).
4. The basis for calculating Total Fund Fees for the purpose of this disclosure statement is materially different to how Total Fund Fees are charged in the fund. The fund first starting accepting contributions on 1 July 2014. The fund fees disclosed are based on fund fees charged during the nine month period from 1 July 2014 to 31 March 2015 instead of a 12 month period. The fund's actual Annual Management Fee, as disclosed in the Investment Statement, is 0.38% p.a. calculated daily as a percentage of the net asset value of the fund and deducted each month. The basis for calculating Total Fund Fees for the purpose of this disclosure statement is different to how Total Fund fees were calculated in the Quarterly Disclosure Statement for the 9 nine month period from 1 July 2014 to 31 March 2015 whereby the methodology relating to any external management fee rebates now use an updated daily basis method.
5. Membership fees are the fixed dollar charges for membership in the KiwiSaver scheme.
6. The basis for calculating Membership fees for the purpose of this disclosure statement is materially different to how Membership fees are charged in the fund. The fund first started accepting contributions on 1 July 2014. The Membership fees disclosed are based on fees charged during the nine month period from 1 July 2014 to 31 March 2015 instead of a 12 month period. The membership fee charged is at a rate of \$0.00 per month because no membership fees are charged to members who have been allocated by default to the fund who have a balance of less than \$10,001 that have not switched out of the fund previously. Some members were charged a membership fee of \$7.50 for the period 1 January 2015 to 31 March 2015. If a Membership fee applies, the Membership fee charged (either \$3.00 or \$2.50) and whether it applies to a member's circumstances may differ to other members in the Default Saver Fund.
7. When Mr Smith's balance in the fund reaches \$10,001 and Mr Smith has not previously switched out of the fund and back into the fund, Mr Smith will be charged a membership fee of \$2.50 per month. However if Mr Smith switches out of

the fund and back into the fund, Mr Smith would be charged a membership fee of \$3.00 per month regardless of Mr Smith's balance.
