The Default Saver Fund provides savers with a relatively consistent, but modest, investment performance, with a low overall level of return volatility to reflect the temporary holding nature of the Default Saver Fund. It aims to achieve a rate of return (net of fees but before tax) of at least 2.0% per annum above inflation (as measured by Statistics New Zealand's Consumer Price Index) over rolling five year periods.

Electronic disclosure of this information

Most of the information contained in this statement, including some additional information, is available in a spreadsheet at <http://www.grosvenorkiwisaver.co.nz/media/14467/kss10026-010-ads2016-dsf.csv>

Notes

1. Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower.
2. Fund fees are fees charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).
3. Membership fees are the fixed dollar charges for membership in the KiwiSaver scheme.
4. The basis for calculating Membership fees for the purpose of this disclosure statement is materially different to how Membership fees are charged in the Fund. The membership fee charged is at a rate of \$0.00 per month because no membership fees are charged to members who have been allocated by default to the Fund who have a balance of less than \$10,001 that have not switched out of the fund previously. Some members were charged a membership fee of up to \$36.00 for the year. If a Membership fee applies, the Membership fee charged (either \$3.00 or \$2.50) and whether it applies to a member's circumstances may differ to other members in the Default Saver Fund. For those members who have switched out of the fund previously, from 18 September 2015, the \$3.00 Membership fee will not be charged unless the balance of the member's account is greater than \$500.
5. When Mr Smith's balance in the fund reaches \$10,001 and Mr Smith has not previously switched out of the fund and back into the fund, Mr Smith will be charged a membership fee of \$2.50 per month. However if Mr Smith switches out of the fund and back into the fund, Mr Smith would be charged a membership fee of \$3.00 per month if Mr Smith's balance is greater than \$500.
